## GRADUATION PROMISE

### Student

I understand that education is key to my future and therefore commit to graduate from high school. I will also take the time to plan and prepare for a life after high school by:

- being a responsible citizen and making good choices;
- going to school and actively participating in my learning;
- studying hard and turning in my homework;
- pushing myself to complete a Core 40 diploma and strive to go above and beyond to complete an advanced diploma like Core 40 with Academic Honors or Core 40 with Technical Honors;
- exploring different careers and learning how college includes many options: two- and four-year degrees, certificates, apprenticeship programs and the military; and
- asking for help when I need it.
